CERTIFICATION OF PSYCHOLOGICAL DISABILITY

The student named below has applied for services from the Student Disability Resource Center at UC Riverside. In order to determine eligibility and to provide services, we require documentation of the student's psychological disability. Under the Americans with Disabilities Act as Amended (ADAAA) of 2008 and Section 504 of the Rehabilitation Act of 1973, individuals with disabilities are protected from discrimination and may be entitled to reasonable accommodations. To establish that an individual is covered under the law, documentation must indicate that a specific disability exists and that the identified disability substantially limits one or more major life activities. A diagnosis of a disorder in and of itself does not automatically qualify an individual for accommodations. The documentation must reliable and support the requested accommodation(s). Determination of accommodations will be done by SDRC.

Please return completed form to sdrc@ucr.edu. The information you provide will *not* become part of the student's academic records, but will be kept in the student's file at SDRC, where it will be held in accordance with federal laws regarding privacy of student records. This form may be released to the student at their request. In addition to the requested information, please attach any other information you think would be relevant to the student's academic adjustment. Please contact us if you have questions or concerns. Thank you for your assistance.

STUDENT (please sign this form before providing it to your mental health care provider to complete): By signing below, I consent to allowing my health care provider to share any information relevant to my need for disability related accommodations, as shown on this form, with (personnel from the SDRC office) for the next 60 days. Student Name (Print) _______Date_____ Student UCR email: TO BE COMPLETED BY THE LICENSED PROVIDER (incomplete information may nullify this request): Patient Name: _______ Today's Date: _______ Initial Date of Diagnosis (below): ______ Date of most recent appt: _______ Dates of sessions in the last 6 months for this diagnosis (required): ______ What is the nature of the student's mental health impairment? Please specify. DSM-V DIAGNOSIS (include DSM V or ICD 10 Codes, include subtypes and specifies) Principle Diagnosis: Other Diagnosis: Other Diagnosis: Other Diagnosis: ____ 1. In addition to DSM-V criteria, how did you arrive at your diagnosis? Please check all relevant items below, adding brief notes that you think might be helpful to us as we determine which access accommodations and services are appropriate for the student. **Check Assessment or Evaluation Procedure use to Make Diagnosis** Structured or unstructured interviews with the student Interviews with other persons Developmental history Behavioral observations Psychoeducational testing: Date(s) of testing- Attach Report Educational history Standardized or non-standardized: Rating scales –Attach Report(s) Notes (to assist in determining accommodations): 2. What medications have you prescribed the student? \Bigcap N/A, I do not prescribe medication.

Effectiveness of Medication(s): Very Effective Moderately Effective Somewhat Effective Unknown

Why? 7. Treatment Plan: How often will you be seeing the student for treatment of this diagnosis? □ No f/u appointments scheduled □ Specify frequency: □ Telehealth □li 8. Is there anything else you think we should know about the student's disability? CERTIFYING LICENSED PROFESSIONAL* must be eligible to practice without supervision.
